**Plaintiff Answer to Defendant George S. Buth Motion For Summery
Judgment**

NOW COME plaintiff want to clear to defendants that they are in this federal court for Conspiracy, Fraud, Violation of due process, violation of constitutional right, and violate their oath that they took to be fair without any prejudices.

This case is not about retrial this case is about defendants get together to conspire against plaintiff using their influence and their judicial power to fraud with plaintiff to deprive him for their personal gain. This case is about how the outcome was made. Following are the proof.

1. Michigan Supreme Court State Court administrative office send to George Buth a office letter along my letter to investigate regarding jury implanting but George Buth did not care for the official letter. Plaintiff was having problem during trial when he leave the trial one or two person who were in the jury and who read the verdict. He waited behind the glass door right next to the elevator when ever plaintiff wait for the elevator he come out from the glass door and it seems he wanted to ride in my elevator but plaintiff always pull back himself to let him go first. I knew he is trying to trap me. I ignored. If George Buth did investigate things could have been

clearer and person could have been caught. I guess they knew that I am right about implanting of the jury. Craig Noland will know. EXHIBIT (A)

2. Plaintiff filed motion with George Buth DEC. 5, 02 for transcript compensation but refuse to hear it even I talked to his secretary.
3. Plaintiff filed motion for his second case to complaint him regarding how plaintiff is being treated by Dennis Leiber. Plaintiff received called from his office and his secretary told plaintiff we can not hear your motion plaintiff went in the court to talked to secretary she refuse to hear me. I waited in his courtroom if he may call my name but did not happen.

WHEREFORE Plaintiff requests a sworn statement with proof from defendant George Buth and request to Hon. Court for relief to plaintiff from defendant and plaintiff request jury trial. So jury can decide the relief for plaintiff. And penalize the defendant in a way that it should not happen again.
